Dear Jim:

Enclosed you will find an advanced draft copy of the *Libby Flyway Completion of Work Report* dated December 2004 for your review. It is our understanding that we will not distribute additional copies of this report until we hear from you.

It is believed that the pertinent information has been included in this report. In accordance with our discussions, the many documents comprising Laboratory Analytical Data, Field Sample Data Sheets, and Waste Manifests have been submitted in the report on compact disks (CDs) (Appendices 1, 2, 3).

Cost of the project was \$1,514,845 (exclusive of Grace/Remedium or EPA oversight costs). All of the costs shown on the project cost schedule are actual. Commitments have been made to fence the area when weather permits at an approximate cost of \$20,000.

Cooperation with EPA and its contractors was excellent and we look forward to working with you on the future projects for the Libby location. Please advise if there are any questions.

Yours very truly,
